6. RECREATION BUSINESS:

Director's Update – Submitted the 2017/2018 Recreation Opportunity for Individuals with Disabilities Grant. Summer programs and community event advertising is in full swing. See attached for complete details. Summer Camp Staff training is scheduled for 6/7. A big thank you to Lincoln 1st Bank for their generous donation of \$3,000 towards our summer concert series!!!! Reminder the H.S. Band competition requested F1, 2 & 3 from 2:30-10pm on 10/21. Lax and Soccer Assessment fees for spring are now past due. *Financial Disclosure Reminder.

Punch List (Old Business)

Community Park Playground Replacement – Target date is sometime in 2018. I'm currently working on concepts and estimated costs to present to the Recreation Commission and Township Committee.

Community Park Turf replacement update – Engineering and Rec. have met with three different manufacturers, spoken with and visited numerous towns with recent installs. After analyzing several artificial turf products and infill options Engineering is now ready to finalize the bid specs to go out to bid in two weeks. Hoping to award the job in July and asking for installation to take place the end of October, beginning of November. My recommendation is to inlay 1 full sided soccer field with the option to inlay 2 intermediate soccer fields if we can afford to do so.

Park Bench Upgrades at Community Park, Muni's and DPW Center – The recyclable replacement slats for all park benches and the picnic tables and benches located in the Playground pavilion area will arrive in approximately 4 weeks at which time DPW will repaint all benches and install the new slats. *The cost savings of having DPW replace the slats and repaint all benches versus buying new benches is a cost savings of approximately \$50,000.*

Completed Projects/Punch List Items-

Community Park Snack Stand - I completed the specs and submitted the RFP to administration to advertise

Roller Hockey Court– DPW has repaired the cracks along the center line.

Camp Dawson Fence – DPW repaired the two holes in the fence; one of each side of Jax/Barn side.

New Garbage & Recycling Receptacles – Arrived and were distributed where needed.
