PUBLIC NOTICE
Water Tank Cleaning

December 16, 2021

Dear Valued Customer,

Periodically, our water tanks need to be cleaned. This is a regulatory requirement and an industry practice to assure the highest quality water to your tap. Montville Township has contracted for this scheduled cleaning of the water tanks for December 17th through the 21st. Work will be performed between the hours of 7 am to 5pm.

The cleaning schedule:

17th: Windsor Tank

18th Mulbrook Tank 1

19th Mulbrook Tank 2

20th Turkey Hill Tank

21st Waughaw Tank

There is nothing you need to do. The water tank cleaning is accomplished utilizing American Water Works Association standard practices which assure proper disinfection and protection of the water quality.

There is a chance you may experience temporary discoloration or cloudiness of the water. The water is safe for all uses.

If you experience any discoloration or cloudiness, gently run your tap for a few minutes and the condition should pass. If you have any questions, please feel free to reach out to the Water Department at 973 331-3331. In the event of an emergency, please call the Police Department Non-Emergency line at 973 257-4300.
