There will be an assortment of food trucks, special entertainment featuring the bands, *Long Live the Beatles* & *Rubix Kube*, and a variety of family activities. Admission and entertainment are free!

Montville Township Voluntary Water Conservation

The State of New Jersey is experiencing a dry spell. While water supplies are sufficient, we are also relaying the message of the New Jersey Department of Environmental Protection (NJDEP), requesting Voluntary Water Conservation to save our water reserves for a possible drought. The NJ Governor has urged all residents and businesses to voluntarily conserve water as hot, dry weather continues.

Montville Township has taken pro-active steps to assure consistent, adequate, and safe, water supply for the Township. We also try to be a responsible steward of the environment, including our water supply.

Even though State Drought Restrictions are not currently in place, voluntary Water Conservation will help avoid restrictions from happening. Any State water restrictions would supersede local ordinances.

NJDEP suggestions for Water Conservation include;

- Watering your lawn only twice a week
- Watering between 10 p.m. and 6 a.m. so you don't lose water to evaporation
- Using a rain barrel to collect rainwater to water flowers
- And sweeping driveways instead of washing them

Additional information regarding Water Conservation is available from the NJDEP at: www.dep.nj.gov/conserves-water/.

Please familiarize yourself with the Montville Township Lawn Watering Policy which is always in effect:

North Area: Includes all properties North of Horseneck Rd:

Lawn watering allowed Wednesday, Friday, and Sunday for no longer than 25 minutes per zone or section to be watered.

South Area: Includes Horseneck Rd and all properties south: Lawn Watering allowed Tuesday, Thursday, and Saturday for no longer than 25 minutes per zone or section to be watered.

Watering is not permitted on Mondays.
