The public is invited to an informal information and discussion session scheduled for Wednesday, June 14, 2023, from 6:00-7:00pm, at the Montville Township Municipal Building, 195 Changebridge Road, Montville, New Jersey.

The purpose of the session is to learn more about development in town. There will be an opportunity for the public to ask questions.

Montville Township Water & Sewer – Water Meter Replacement Program

Montville Township has initiated a Water Meter Replacement Program to update our water meters, as the current system is no longer supported. The new meters will allow readings to be taken, via radio signal, to antennas located throughout the town. This technology allows us to see down to hourly water use and provide increased customer feedback regarding water use and potential leaks in the home.
